

William T. Butler, M.D.
Interim President and Chancellor Emeritus

December 18, 2008

Ms. Amy Donovan
President
Young Texans Against Cancer
P.O. Box 22915
Houston, Texas 77227-2915

Dear Ms. Donovan:

On behalf of Baylor College of Medicine, I would like to thank you for the exceptional gift of \$100,000 from Young Texans Against Cancer to support ovarian cancer research under the direction of Matt Anderson, M.D., in the Dan L. Duncan Cancer Center. I am confident that Dr. Anderson will agree that your organization's gift is crucial to his success in eradicating ovarian cancer.

The Young Texans Against Cancer's tireless support of cancer treatment and prevention is a testament to the organization's dedication to advancing medical science. It touches me to think of the many wives, daughters, and mothers this generous gift will help. BCM is fortunate to have your partnership as we continue our mission to create innovative treatments and therapies for patients diagnosed with or wishing to prevent ovarian cancer.

Once again, thank you for this investment in medical science and for the Young Texans Against Cancer's support of Baylor College of Medicine.

Sincerely,

William T. Butler, M.D.
