January 23, 2009

Dear Amy, Matt and Sarah, and YTAC members:

I am writing this letter to once again express my tremendous sense of honor for receiving the Young Texans Against Cancer award last week. We are working very hard to make genitourinary cancers less of a hardship for patients and families, and I am very excited about the progress we are making. These funds will go a long way toward moving our research forward.

It was a great pleasure meeting you and all of the members of YTAC that were there last Thursday. I look forward to catching up with you in the near future.

Sincerely,

Eric Jonasch, MD
