Dear John and Ashley:

Please extend our sincerest appreciation to all the wonderful members of the Young Texans Against Cancer for their generous donation of \$4,000 to The Rose. We were delighted to be selected as one of your 2005 award recipients. Believe me, this funding will provide significant support to our new Young Women's Clinic.

As your organization knows so well, cancer doesn't discriminate, young or old, rich or poor, anyone is at risk. The young uninsured woman needing breast cancer screening and diagnosis soon finds she is on a journey fraught with barriers and road-blocks. Thank goodness for the generous souls of YTAC, who are so willing to help. The Rose provides breast cancer screening, diagnosis, support and education to any woman regardless of her ability to pay. Our mission is simple, our work is exceptional and organizations such as yours help make it happen.

John, thank you for sharing YTAC's impressive and "people-filled" history and for making Monica and me feel so welcomed! Ashley, your committee's job must be among the more difficult—making those final selections from so many worthy organizations. Thank you for your consideration and all the ways you help others serve this community.

We look forward to working with you in the future. We'd love to have you visit us...we know you'd find your gift put to good use! Again, thank you.

Sincerely,

Dorothy Weston Gibbons  
Chief Executive Officer & Co-Founder
